Profile

I graduated from SLTC Research University with a Bachelor of Applied IT, achieving a GPA of 3.29 – Second Class Lower Division.

I am a Creative and Innovative designer that combine strategy, aesthetic, and clarity to create the designs stand out. Skilled in Figma, Adobe Illustrator, Adobe Photoshop, and User research. Passionate about crafting intuitive, user-friendly interfaces backed by design thinking and usability testing.

I am currently seeking opportunities to apply my skills in real-world projects and grow in a collaborative environment.

Education

University - 2023 to 2026

Sri Rahula Balika Maha Vidyalaya
Ordinary Level & Advanced Level

Projects

Hela Eats Web Application Design

Hela Eats is a Automated Recipe-to-Cart Platform that bridge the gap between Sri Lankan Youngers and Our Heritage. This Platform solve the waste of bulk shopping, money, and time by providing Ready-to-Cook Meal kit with the exact cooking instructions without any vague steps. This is our University Final Project and I Lead the project and Designed the UI after the User-Research and Brainstorm Sessions with developers.

Zero Subscription Web Platform

Zero Subscription Platform provide the space to the designers and workers to do their works on the platform surface. Zero platform provide Premium Version of Microsoft Word, Microsoft Excel, Microsoft Powerpoint, Adobe Illustrator, Adobe Photoshop, and Adobe XD in subscription manner. This design is an Easy, Simple, and Clean navigation without too much animation and color contrast. Unique Logo Making, and Branding.
